Dear Mr. Duggan:

I am writing this letter in favor of granting "Must Carry" status to WHSH-TV, licensed to the city of Marlborough, MA. Although WHSH-TV carries the Home Shopping Network as its major programming, the station is fully committed to the local issues of its local communities.

In October 1992 WHSH-TV produced three segments on the Massachusetts cranberry industry. These segments enabled the Cape Cod Cranberry Growers' Association to get our important message about the cranberry industry's positive effect on conservation, wildlife, open space and economic impact out to the public.

As Communications Manager I have dealt with many media sources covering the cranberry harvest. WHSH-TV has been in the top three in the field of coverage and quality. After you thoroughly investigate WHSH-TV's performance, I am sure that you will be more than satisfied with the level at which this station serves the public interest. It will be an asset to have WHSH-TV carried on all cable systems so that everyone will be able to take advantage of their local programming.

Thank you for your consideration.

Warmest Regards.

Dear Mr. Duggan:

In 1989 the City of Tampa along with a coalition of supporters organized the first "Paint Your Heart Out Tampa!" program. This program is a one-day volunteer effort where the citizens of our community donate their time, supplies, and money to paint the homes of the low-income elderly in Tampa.

Since the beginning of this program it has grown to over 4,000 volunteers and on April 17th of this year 120 homes will be rejuvenated. WBHS, Channel 50 emerged as the lead media taking an active interest year after year in "Paint Your Heart Out Tampal". As a result they have become a critical part of the success of our program. The videos which they produce and the "In Your Interest" program, not only provide information for the general public, but also help to rally support for our program.

As a community leader in the State of Florida, I urge you to convince your fellow colleagues at the Federal Communication Commission to not exclude WBHS, Channel

Dear Commissioner Quello,

As Communications Director for the American Cancer Society, I've had the opportunity on numerous occasions to provide topics and volunteers for In Your Interest on KHSX, Channel 49 in Irving, Texas. These occasions have provided an excellent medium to reach the community at large on a variety of cancer - related topics. KHSX continually supports the efforts of the American Cancer Society in this community.

It has recently come to my attention that broadcast stations such as KHSX, who provide shopping services, could be excluded from the protection of "Must Carry" legislations, under the premise that they do not broadcast in the public interest.

My association with KHSX and its presentation of In Your Interest, differs greatly with that perception. I urge you to provide them the same protection under must carry as would be afforded other broadcasters. The information, issue development and thought provoking stimulus they provide to the community via In Your Interest, is indeed worthy of such protection.

As a partner in their efforts, I urge you to insure that their commitment no longer belittled or Their dedication to the community, which I've witnessed, is worthy of your support.

Sincerely.

Dear Mr. Duggan:

As a past beneficiary of WHSI-TV Channel 67's community focus and a publisher of a women's newspaper on Long Island, I urge your continued support in granting 'Must Carry" status to WHSI-TV, Channel 67, licensed to the city of Smithtown, New York. Although the primary programming is the Home Shopping Club, the station has done a credible job and put forward noteworthy effort to give community affairs a prominent position in local programming.

Recently, our brand new resource book for Long Island women was featured prominently in the community affairs section. This provided an excellent service to the viewers and gave them much needed information so that they would make effective choices for their personal and professional lives. The production and execution of the spots were well researched, informative, and professionally done.

Kindly be assured that WHSI--TV fills a significant community affairs niche and that their good work means a great deal to the Long Island viewership. Please give this station due consideration when you are evaluating their local programming.

Dealing with homebound patients who use their televisions for the score shopping excursions, I also see a need for the home shopping programming. It affords many of my patients an opportunity that they would not otherwise be capable of doing.

With all the violence, hard crimes, foul language, explicit sex, etc. available on television these days, it would be a crime to take a program like "In Your Interest" and The Home Shopping Channel off the air. WHSI-TV serves its public well with current information, accessible shopping, and enjoyment.

I wish WHSI-TV was carried on all cable systems. We need more programming that everyone can enjoy and learn from. Please grant the "Must Carry" status to WHSI-TV, Channel 67 for serving the public interest so well.

This letter comes in support of granting "Must Carry" status to WBHS-TV, licensed to the city of Tampa, Florida. Although WBHS-TV carries the Home Shopping Club as its major programming, I have found the station fully committed to local community issues.

Education is everyone's business and SERVE exists for the sole purpose of recruiting and placing community volunteers in 150 public schools in Hillsborough County. WBHS has spent considerable effort video taping three different segments that are aired frequently to help us recruit volunteers for our various Speaker Bureau, Tutor Partners and School-Based volunteer programs.

If this station's efforts on behalf of students is any indication, you will undoubtedly be satisfied with the level of service in the public interest after you thoroughly investigate its performance.

Job Development and Placement I know this first hand because of my dealings with WBHS-TV as they and my agency recently worked on a series addressing issues surrounding the Americans with Disabilities Act of 1990 (ADA). This enabled information to be distributed to the community concerning this new and very important piece of legislation. Since Abilities, Inc. of Florida, a private, non-profit rehabilitation agency that assists persons with disabilities in integrating back into the community, has a limited budget; this service proved valuable to us as it generated interested parties Tampa General Rehabilitation Center to call for additional information concerning ADA and ways in which they could help people make their transitions back into our community.

Dear Commissioner Duggan:

I'm informed the Federal Communications Commission ("FCC") is considering granting "must carry" status to WHSE-TV, Channel 68, Newark, New Jersey.

I respectfully request you and the FCC grant "must carry" status to WHSE-TV, Channel 68, Newark, New Jersey. WHSE-TV is recognized for its thoughtful, timely local issues programming in the many communities it serves.

The all volunteer Great Swamp Folklore Project, Basking Ridge, New Jersey, and the nationally known Pluckemin Archaeological Project, Inc, Pluckemin, New Jersey, both of which I'm affiliated with, have been featured on several WHSE-TV programs on Channel 68 since 1991.

The public response to these programs was overwhelming. This programming occured while local cable systems WOULDN'T feature local issues programming.

WHSE-TV's local issues programming fills an existing void created principally by local cable systems. Your decision granting "must carry" status to WHSE-TV, Channel 68, Newark, New Jersey will insure the viewing public will receive local issues programming and education. The public's interest requires your affirmative decision.

I look forward to the FCC's decision granting WHSE-TV "must carry" status.

Sincerely yours
